No

We want a sperate section for BCS preparation. Guidelines books, other resources and materials, bcs cadre photos from IUBAT hanging in the wall for the motivation of current students.

A proper discussion area

Sometimes we can't find the book which we need

the pc's must be updated ,especially the components

increase the book collection

There must be a discussion section for study.

Sometimes we have noticed that faculty doesn't allow us to use the e library for coding ,when the labs are fully crowded then where will student go ,ofc they have to use the e library computer, i think this kind of restriction shouldn't be applicable and some students gossip in library sitting area with groups which makes the environment more noisy ,i think faculty should look over there and varieties of book should increase

your idea is best , carry on, good luck

Library should have wifi and some extra pcs as cse studenta can't take the books outaide and they need to practice so yeah

Improve Internet, improve pc performance (gpu) and improve some law and regulations books and bcs books

As we are live in smart wolrd,so why aren't go to Smart way?

I think there should be a chat and restrictions to students gossiping and chatting in the library, many times when reading or time passing between classes, i noticed that some people kind of talk loudly in the the library, it's not right and the PC should be checked regularly because twice, my pen drive was infected with virus using library PC and after that I no longer use library PC. Most time use practice PC or my own. Please forgive if there's mistake in my opinion

There's no Bengali literature book and we don't live in us or uk...so if possible add some book of Bengali literature....also the book that is not in Library are not allowed to take in...so that must be resolved.. thank you

Increase the Seating arrangements and fix network issues

Id card scanning idea will be good..

Every time we enter id card scanning should be happened

1. Fix internet in E library
2. Introduce a bar code/id card scanner to input entry automatically

Library should've books that are written in bengali as well. English can be the first language of IUBAT, but not the only language.

Some people talk or laugh very loudly in the library so something should be done about this

Akta study corner...jekhane nijer bag boi nia jawa jabe...like auditorium...but environment liabry moto nirob thakbe

1) In library in the part of "Friction Corner" students use to gossip instead of study that hampers other students. It should be stopped.

1. Add a few Relevant books for the job field or make a zone for it. 2. Another thing, there are insufficient power sockets for the laptop zone & their position is far away from the desk; sometimes, the laptop charging cable can't reach there—best Wishes for our library & varsity as well.
